Discovering Beauty in Every Detail

Discovering Beauty in Every Detail

OUR STORY

It started as a dream,
Looking after the household items and the kitchenware designs and details, and after noticing the extreme need of our special touch in this field we decided to create our brand in this business and open the first shop in SOUDAN.

The market was targeting either the rich or the poor category of people, however we de choose both and add the middle class category to enjoy all our products and let it be accessible for everyone.

In 1996 we opened the first branch and within 1 year time and after a lot of dedication and hard work we start expanding and opened 5 shops and added the home furniture products to our collection.

The human touch was our success key in the business as we become very known in a time record

HCS today is manufacturing its own brand overseas in TURKEY, CHINA, MALEZYA and FRANCE

Our team spend nights looking after the details when it comes to manufacturing

Discovering Beauty in Every Detail

Discovering Beauty in Every Detail

— OUR VISION

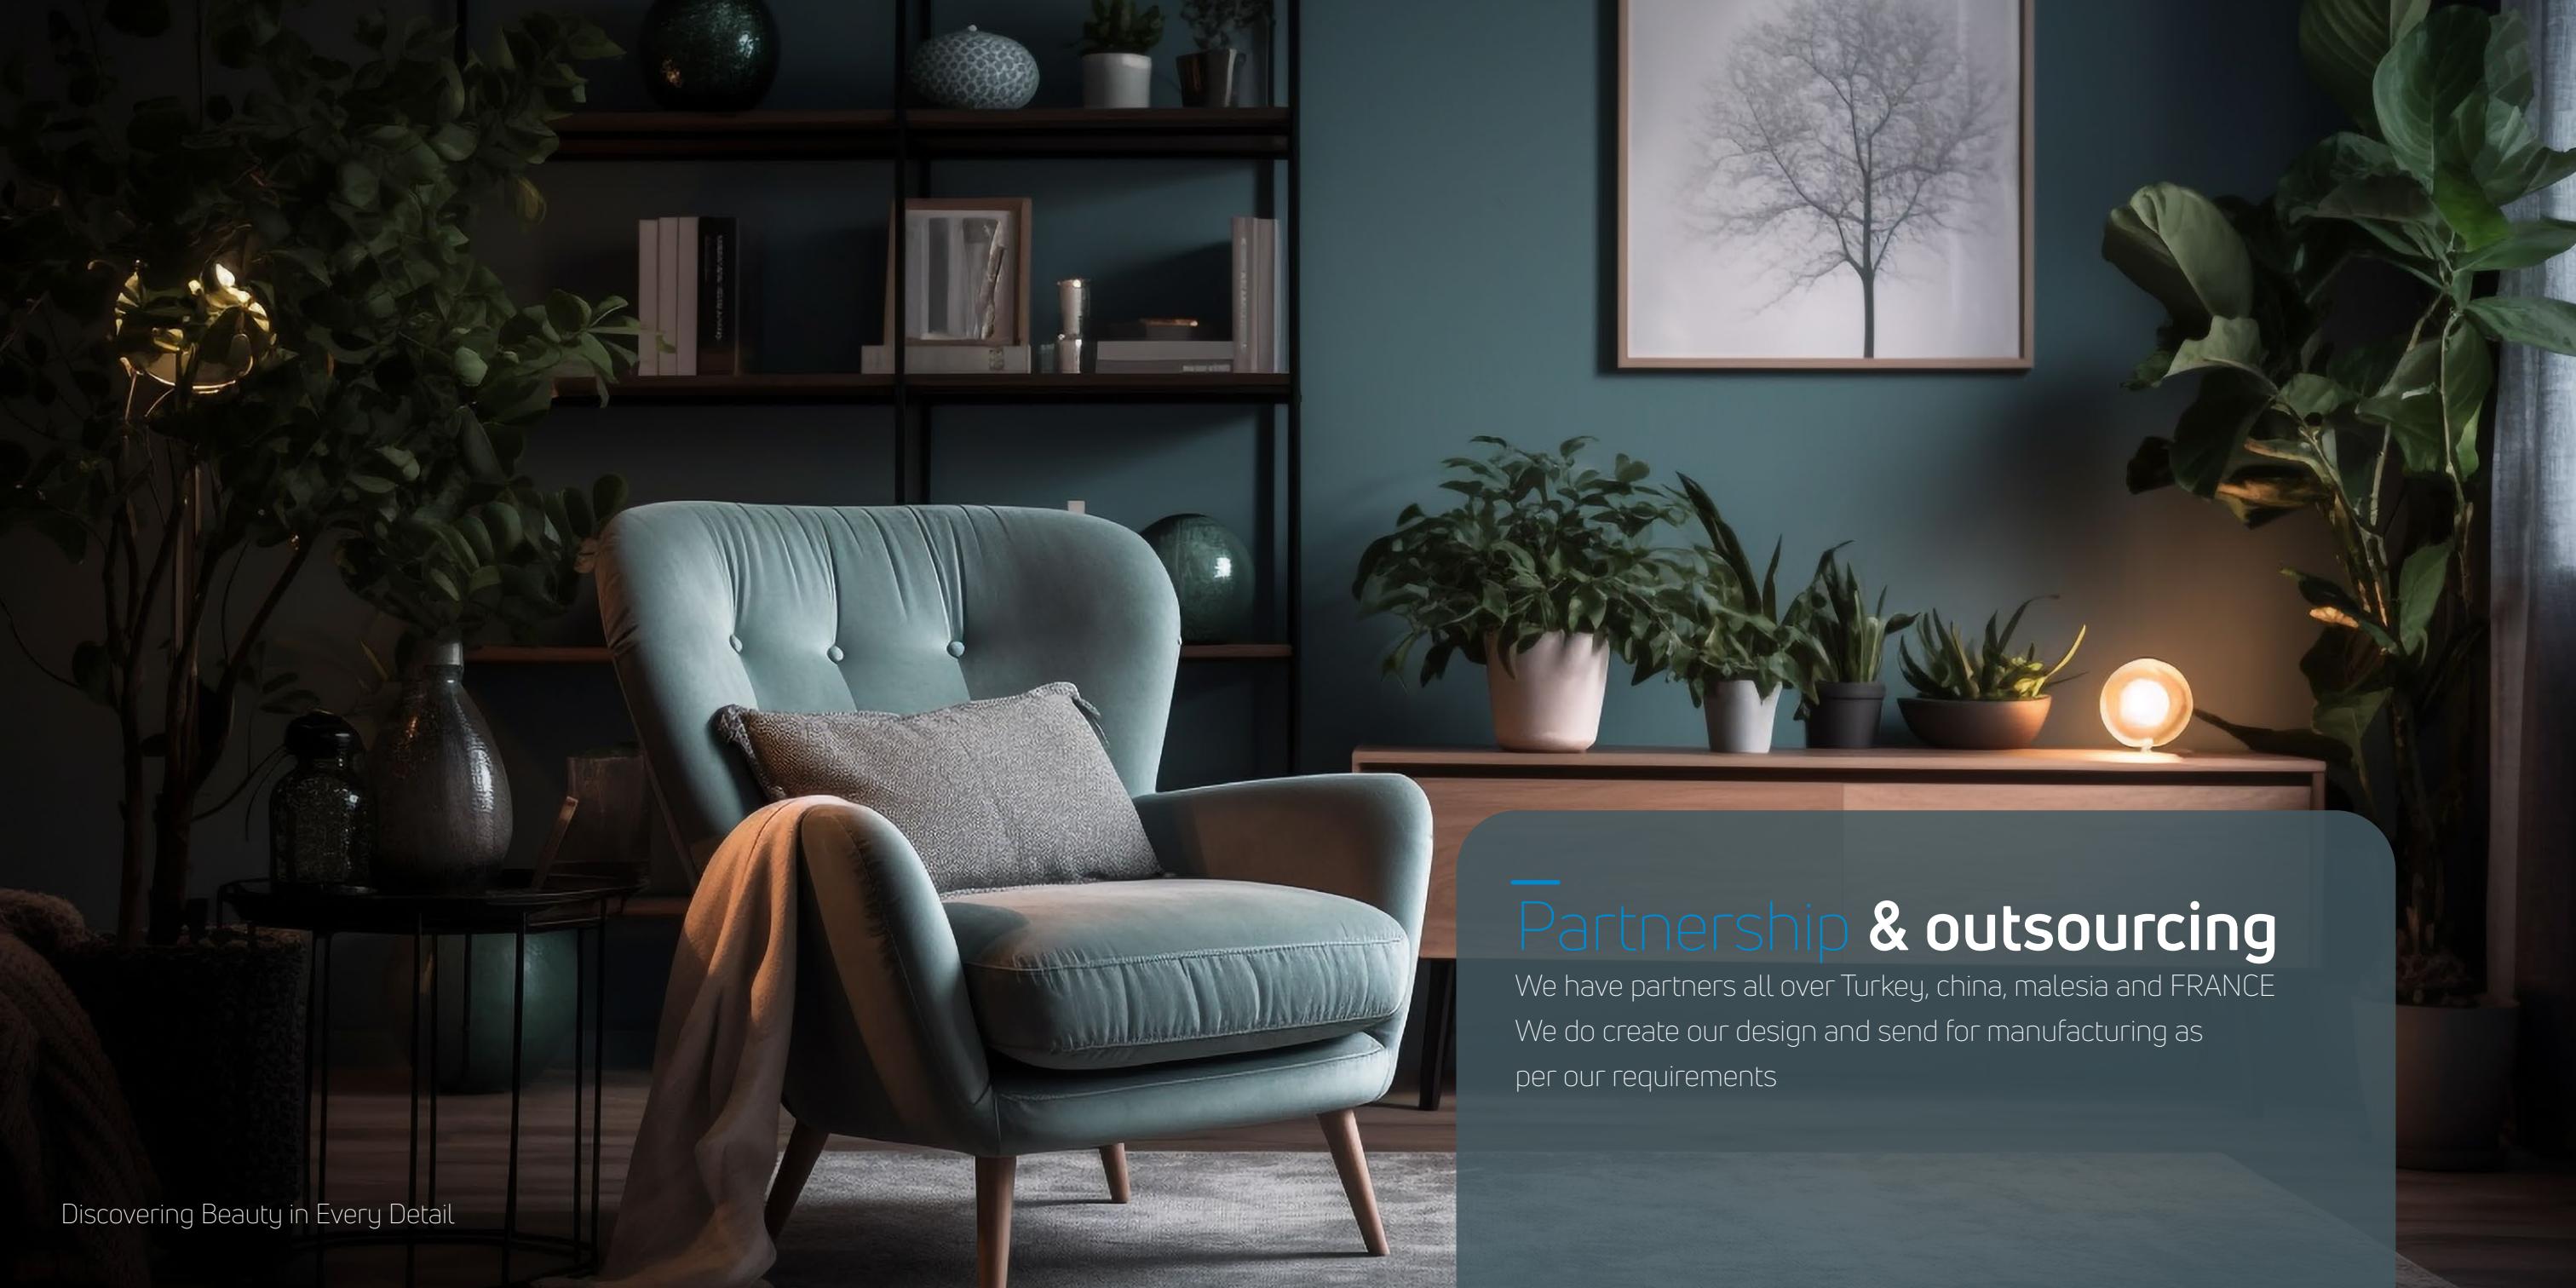

We are convinced that we can make any home look better and committed to elevate the living experience throughout our creative designs from household to the kitchenware and the furniture

OUR SERVICES & DIVISIONS

HCS is HOME CARE SOUDAN originally and customized to HOME CARE SIGNATURE when we decided to establish in DUBAI, UAE

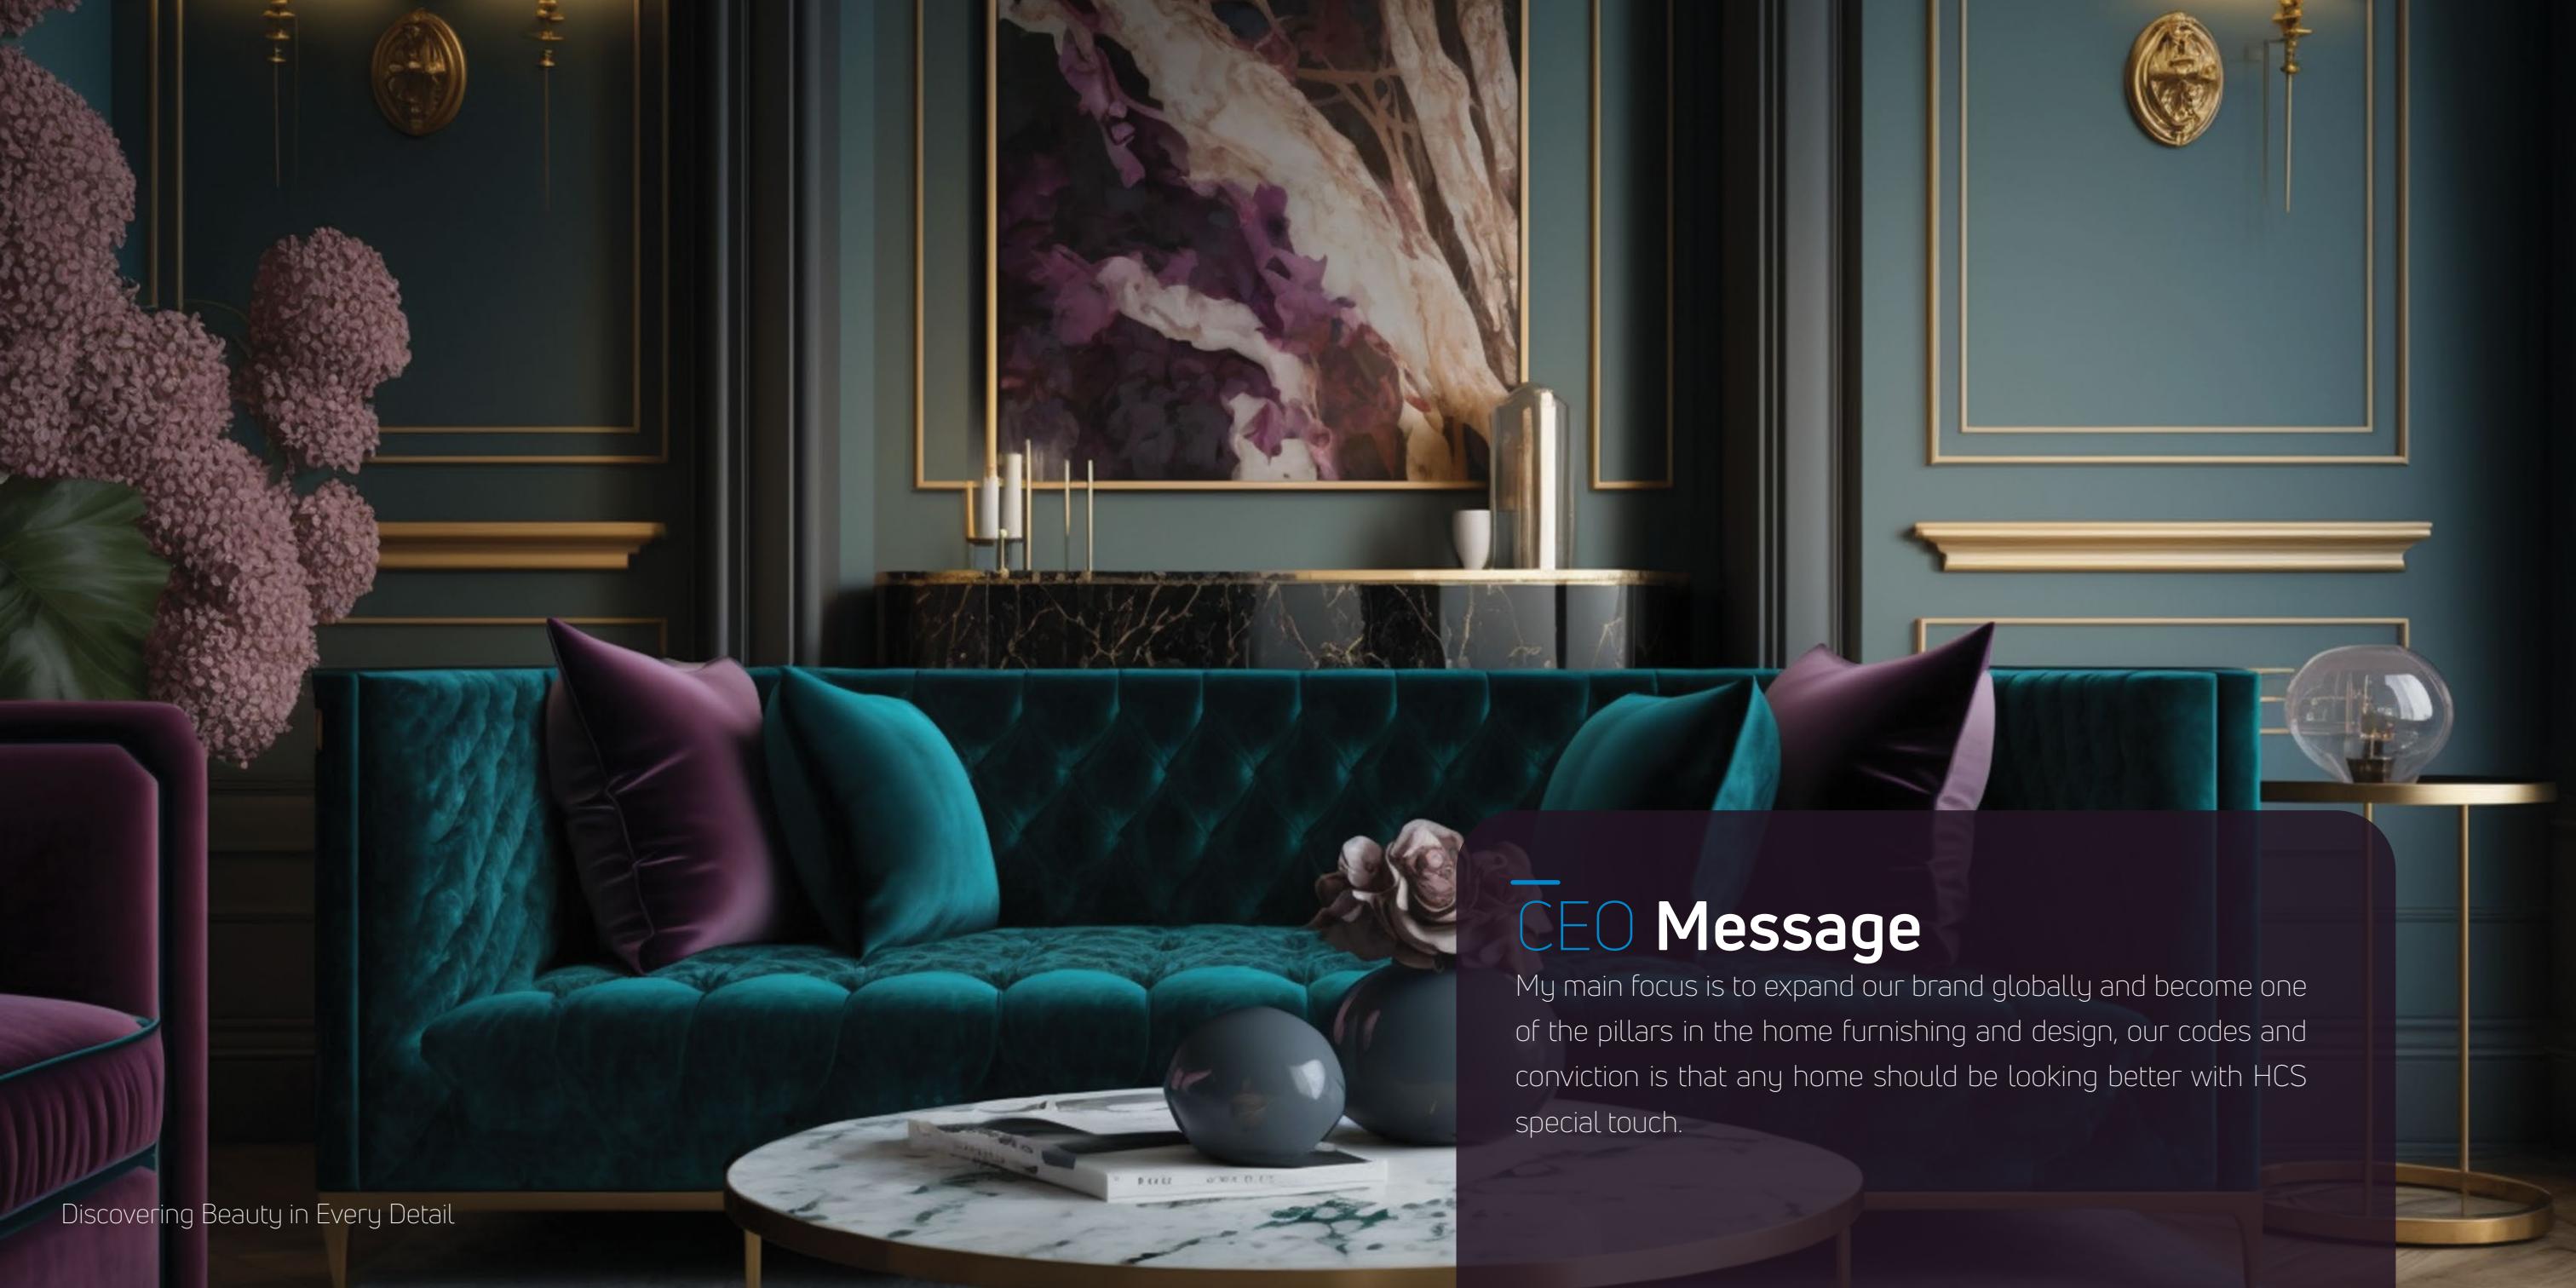

We do sell and Advise in the interior design of your home as it's ours

Partnership & outsourcing

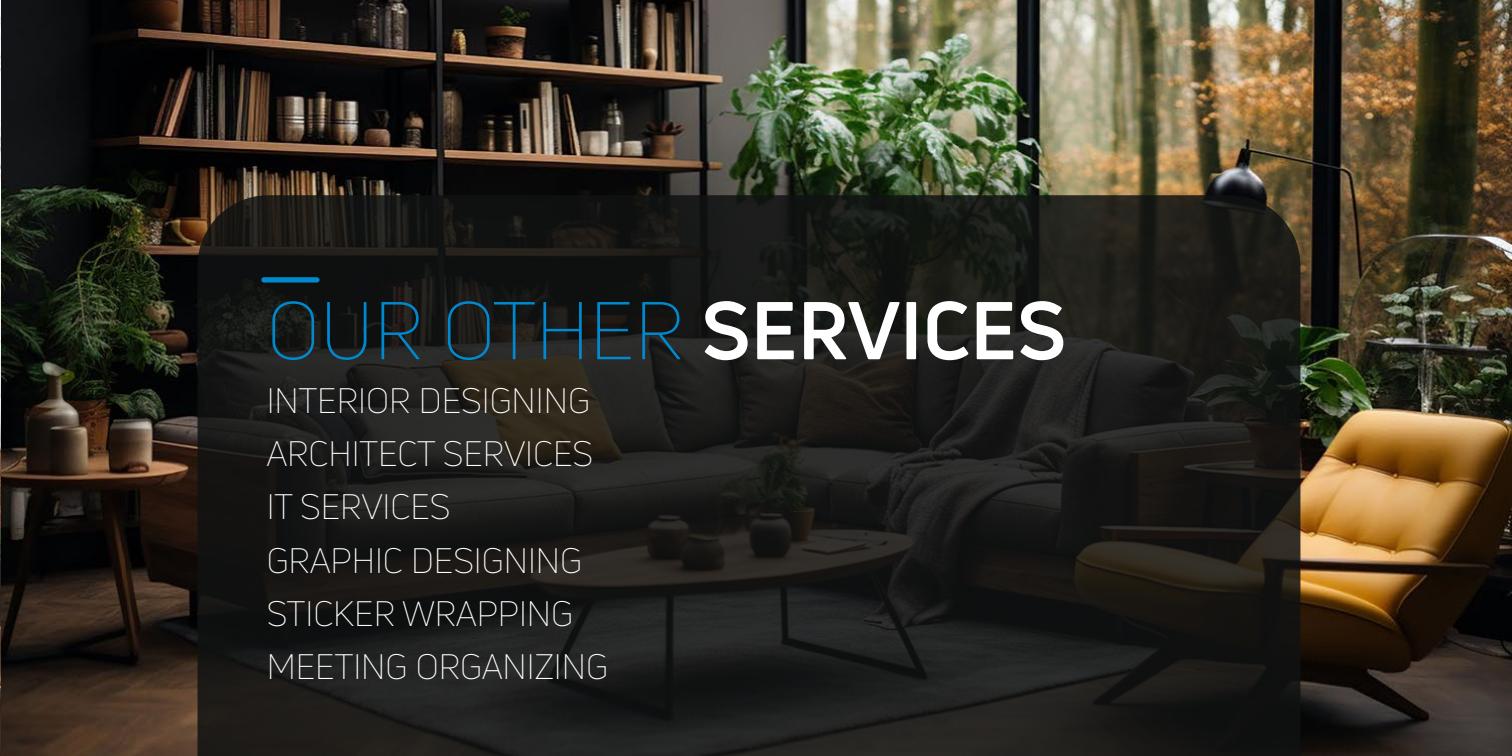

We have partners all over Turkey, china, malesia and FRANCE

We do create our design and send for manufacturing as per our requirements

CEO Message

My main focus is to expand our brand globally and become one of the pillars in the home furnishing and design, our codes and conviction is that any home should be looking better with HCS special touch.
